C.B.M Chicken Manure, Blood & Bone, Minerals

**2% Nitrogen 2% Phosphorous 0.4 Potassium + 8% Calcium
+ 20% Carbon + Natural Minerals. Certified Organic BFA 10574AI**

Key Points

- Rebuilds Tired and worn soils through a unique blend of manure and minerals
 - Builds critical levels of many trace elements organically
 - Increases the ability of plants to resist pest and disease attack.
 - Suitable for Organic Farming with Greater Biological activity in the soil promoting availability of both target and other tied-up nutrients in the soil
 - Increases soil carbon levels for energy, water and nutrient holding capacity
- Improved Soil Health reduces input costs through efficiency.**

Activated Response

Composted Chicken Manure successfully combined with a composted organic carbon and minerals. This blend has been delicately handled to ensure the full benefit of nutrition in the Blend to enhance Organic operations and their enhancement strong plants

Typical Analysis (w/w)

Nitrogen	2%	Boron	250 ppm
Phosphorous	2%	Copper	55 ppm
Potassium	0.4%	Zinc	120 ppm
Sulphur	2000 ppm	Cobalt	10 ppm
Calcium	8%	Molybdenum	40 ppm
Magnesium	2%	Selenium	3 ppm
Iron	1.4%	Carbon	20%
Manganese	370 ppm	Silicates	5%

Product Specifications

Form: granule

Energy 200- 500 p.mag

Application Guide

Application Rates should be determined by soil analysis and applied in conjunction with a balanced nutrition program. The following rates are generalized for irrigated and dry land cropping, for intense horticulture these rates can be increased. Contact a Safe Fertiliser Qualified Consultant for assistance

C.B.M is best applied broadcast or Direct Drill (Warning, it can be abrasive with air seeder application), Horticultural Spinner Spreaders and small walk behind Applicators.

Maintenance: 80-150 Kg/Ha

Soil Building: 150-250 Kg/Ha

Horticulture: 250-350 Kg/Ha

Compatibility: Check with Safe Fertilisers Qualified Consultant prior to blending this product with other fertiliser

Note; This Blend can be used to uniquely formulate a fertiliser to suit a specific need in any crop

C.B.M; Chicken Manure, Blood& Bone, Minerals, Composted and Organically granulated for the certified organic Market. This unique balance of natural minerals and manures sourced from the Earth and Bird Manure ensures that the soils nutrient bank is complete for vibrant growth of crops. The added benefit of the product being composted before the heated granulating process eliminates any problems of weed or disease. Beautiful for the home gardener in repotting or just a top up for existing garden beds.
